Araldo

POUF DESIGN BY EURO SIRONI

Il pouf Araldo è allo stesso tempo morbido e materico: la struttura imbottita è rivestita in tessuto o pelle, con le forme delineate da un profilo tono su tono o in contrasto, e la base sollevata da terra è definita da piedini rivestiti in cuoio e dettagli in finitura dorata. Un oggetto elegante che esalta le texture del rivestimento per creare complementi inaspettati e di classe.

Araldo pouf is both light and material: the padded structure is covered in fabric or leather, its shapes are outlined by a tone-on-tone or contrasting piping, and the base raised from the floor is defined by leather-covered feet and details in a gold finish. Araldo is an elegant object that enhances the textures of the covers to create unexpected and classy complements.
